Broadcast Properties

Steve Thomson, the company's founder, has produced a number of Television projects including The Gathering Place starring Graham Kerr – The Former Galloping Gourmet, which consists of 130 episodes available in both 1 hour and ½ hour formats. We are always looking for sponsors who are interested in aligning with this production or accessing the content for Premium Offers. This series is content rich. We would be happy to send some more information on this highly acclaimed project upon request.

Thomson also produced the highly acclaimed Concert Special entitled “Let It Rock” with Jerry Lee Lewis, The Band, Carl Perkins, Jeff Healey, Larry Gowan and Ronnie Hawkins. This Award Winning concert also features the Award Winning Documentary entitled “Let It Rock at the Crossroads of Rock 'N' Roll” as a companion piece. The documentary received an endorsement from The Smithsonian Institution's Memphis Rock 'n' Soul Museum.

A more recent film project produced, written and directed by Thomson is “The Story of Lydia”, which won two industry Accolade Awards for Family/Children Programming and Voice over Talent. The company is planning a 26 episode spin-off to “The Story of Lydia” entitled “Lydia's School”. A Broadcast partner is in place and we are currently looking for appropriate sponsors before we undertake the production.
